Katsina Scholars Hub: Student Survey Pack

Two surveys that work without the app. Prepared 31 October 2026 for Abdullahi Muazu Abba.

How to use this pack

- **Form A** is the general survey for all students, men and women.
- **Form B** is the women's survey. It has the same core questions plus a private women's section.
- **Module T** is optional. Add it only for students who have tried the prototype.
- Make each one as a Google Form, with each Part as its own section.
- Target: at least 60 responses in total, and at least 20 women through Form B. Each form takes about 5 minutes.
- Settings: do not collect email addresses and do not require sign-in. Make only the first six questions required. Let people skip the rest.
- Put the age question first. If the answer is No, send them straight to the thank-you page.
- Share through WhatsApp class groups, student associations, campus chapters and Katsina scholar groups. Ask the admins of women's groups to share Form B privately.
- Test the form with three friends before you send it out.

Consent text (put at the top of both forms)

This short survey helps a student project called Katsina Scholars Hub understand how Katsina students find scholarships and guidance. It takes about 5 minutes. You must be 18 or older. You do not need to give your name. Skip any question you prefer not to answer. Your answers are used for the project's application and planning, are kept private, and are shown only as group totals or anonymous quotes. You may stop at any time. By continuing, you agree to take part.

Form A: General survey (men and women)

Part 1. About you

1. **Are you 18 or older?** (required) Yes / No (No ends the survey)
2. **Gender** (optional) Female / Male / Prefer not to say

3. **Your level of study** (required) Secondary school / ND or NCE / Undergraduate / Postgraduate / Graduate, not in school / Other
4. **Where do you study, or where did you last study?** (required) In Katsina State / Elsewhere in northern Nigeria / Elsewhere in Nigeria / Outside Nigeria
5. **Which LGA in Katsina State is your home?** (optional dropdown of Katsina State LGAs, plus Not from Katsina State)
6. **Your course or field of study** (short answer, optional)
7. **Do you have a disability or condition that makes studying or applying harder?** (optional) Yes / No / Prefer not to say. If yes: what would help? (optional text)

Part 2. Finding opportunities

8. **How do you usually hear about scholarships, bursaries and awards?** (tick all) WhatsApp groups / Friends and classmates / Lecturers / Social media / Official websites / Radio or TV / Newspapers or blogs / I rarely hear about them
9. **In the last 12 months, did you hear about an opportunity too late, or miss one you wanted?** Yes, more than once / Yes, once / No / Not sure
10. **If yes, why?** (tick all) Heard too late / Did not know if I qualified / Unclear documents / Could not afford travel or printing / No one to guide me / The information seemed unreliable / Other
11. **Have you ever acted on scholarship information that turned out false or outdated?** Yes / No / Not sure
12. **How confident are you that the scholarship news you see is correct?** 1 (not at all) to 5 (very)

Part 3. Understanding and preparing

13. **How easy is it to know whether you qualify for a scholarship?** 1 (very hard) to 5 (very easy)
14. **What is hardest when you apply?** (tick up to 3) Understanding eligibility / Knowing which documents are needed / Getting the documents (letters, verification) / Writing the essay or statement / Knowing the steps and deadlines / Cost of travel, printing or data / Nothing is hard
15. **Roughly what did your last application or verification cost in transport, printing and data?** Under ₦2,000 / ₦2,000 to ₦10,000 / ₦10,000 to ₦30,000 / Over ₦30,000 / I have not applied / I do not remember
16. **Did you travel to another town or city for an application or verification?** Yes / No / I have not applied

Part 4. Guidance

17. **Do you have someone (lecturer, graduate, senior) who guides you on scholarships and career?** Yes, regularly / Sometimes / No
18. **Would you like a mentor from your field?** Yes / Maybe / No
19. **What help would you want?** (tick all) Checking my application / Explaining requirements / Career advice / Study tips / Interview preparation / Introductions to people in my field
20. **How would you prefer to talk with a mentor?** WhatsApp text / Voice notes / Phone call / Video call / In person / Group Q&A
21. **How comfortable would you be asking for help from someone you have not met?** 1 (not at all) to 5 (very)

Part 5. Phone, data and language

22. **Which phone do you use most?** Android smartphone / iPhone / Basic phone / A shared phone
23. **Do you have mobile data most days?** Almost always / Sometimes / Rarely
24. **Which do you use every week?** (tick all) WhatsApp / Facebook / TikTok / Telegram / X / Instagram / Other
25. **Which language would you prefer for such an app?** English / Hausa / Both

Part 6. The idea

Show this text first: *Imagine a free app for Katsina students. It lists scholarships with their official source, turns each one into a simple checklist, lets you ask a mentor for guidance, and keeps your private details private.*

26. **How useful would this be for you?** 1 (not useful) to 5 (very useful)
27. **How likely are you to use it in the next 3 months?** 1 (unlikely) to 5 (very likely)
28. **Which three things matter most to you?** (pick 3) Listings that show their official source / Checklists and reminders / Mentor guidance / News of student achievements / Meeting other students / A women's space / Works on low data / Hausa language
29. **What would stop you using it?** (tick all) Data cost / Privacy worries / I would not trust it / Too complicated / Fear of meeting strangers / I would forget / Nothing
30. **Who would you trust most to run it?** A university / The Scholarship Board / A student group / An independent organisation / I am not sure

Part 7. Closing

31. **What one thing would make scholarships easier for you?** (paragraph, optional)

32. **May we quote your answer without your name?** Yes / No
33. **Your WhatsApp number, if you want to try the prototype or be asked a follow-up question** (optional. Move numbers to a separate private sheet and never share them.)

Form B: Women's survey

Use everything in Form A, with these changes.

- **Title:** Katsina Scholars Hub: Women Students' Survey.
- **Top note:** This version is for women students. Your answers are not shown with your name, and only the project lead sees individual responses. Every question is optional except the first.
- **Replace Question 2** with: *Are you a woman?* Yes (continue) / No (please use the general survey).
- **Add Part 6B** after Part 6 and before Part 7.

Part 6B. Women's questions (all optional)

W1. **Which of these make it harder for you to apply or find guidance?** (tick all) Permission to travel / Travel for verification or interviews / Household duties / Cost / Fewer contacts in my field / Safety when meeting people online or in person / Not knowing who to trust / None of these

W2. **Who would you feel most comfortable asking for guidance?** A female mentor / A male or female mentor / Whoever is best for my field

W3. **How comfortable would you be asking a male mentor for help online?** 1 (not at all) to 5 (very)

W4. **Would you join a private women-only space inside such an app?** Yes / Maybe / No

W5. **What would make a women's space feel safe?** (tick all) Female admins and moderators / A hidden members list / Mentors checked first / No messages from strangers / Easy report and block / Voice notes instead of photos / Joining by approval only / No photo required

W6. **What format would you prefer?** (tick all) WhatsApp voice notes / Live Q&A / Text chat / Short videos / Articles

W7. **What worries you about meeting mentors or other students online?** (paragraph)

W8. **What would make this useful for women students in Katsina?** (paragraph)

Do not ask about marital status, religion, health or family details.

Module T: only for students who tried the prototype

Add this as a final section. Tell testers to skip it if they did not use the app.

T1. **Which tasks did you finish?** (tick all) Found a scholarship / Checked eligibility / Started a checklist / Found a mentor / Sent a mentor request / Opened a profile

T2. **How easy was it to use?** 1 (very hard) to 5 (very easy)

T3. **Where did you get stuck?** (paragraph)

T4. **What was confusing?** (paragraph)

T5. **What is the first thing you would change?** (paragraph)

T6. **Would you recommend it to a classmate?** Yes / Maybe / No

Your own notes for each tester: the time they took on each task, where they hesitated, and one short quote.

What each answer gives your application

Evidence you need	Questions	How to report it
Students miss or hear late about opportunities	8, 9, 10	X of N students say they missed or heard late in the last year
Information is unreliable	11, 12	X of N acted on false or outdated information
Eligibility is confusing	13, 14	The hardest step is [top answer], chosen by X of N
Cost and travel burden	15, 16	X of N travelled for an application or verification
Students lack guidance	17, 18, 19	X of N have no mentor, and Y of N want one
Demand	26, 27, 28	X of N rate it 4 or 5, and Y of N would use it
Barriers to adoption	29, 30	The top barrier is [answer], so the design does [response]
Design choices	20, 22 to 25	X of N use WhatsApp weekly, so the product works on low data

Evidence you need	Questions	How to report it
Women's needs	W1 to W6	X of N women want a private women-only space
Katsina link	4, 5	X of N respondents are from Katsina State
Inclusion	7	Optional. Report only the count and what would help
User testing	Module T	X of N testers finished the main task

Reporting rules

- Always give the number of people (N) and the dates collected.
- Call it a survey of N students reached through WhatsApp and student groups. Do not call it representative of all Katsina students.
- Show the women's results separately, with their own N.
- Report counts as well as percentages. Do not give percentages for fewer than 20 people.
- Use a quote only if the person said Yes to Question 32.
- Keep the raw responses so you can show them if reviewers ask.
- Do not write validated, proven or verified unless that is exactly what happened.

Example sentences to fill in with your real numbers:

- We surveyed [N] students between [date] and [date], including [N] women.

- [x] ~~of [N] said they missed or heard late about a scholarship in the last year.~~
- [x] ~~of [N] women said they would join a private women-only space.~~
- [x] ~~of [N] students who tried the prototype finished the main task.~~

Data handling checklist

- Do not require names or emails.
- Keep phone numbers in a separate private sheet and delete them from the main results.
- Accept only people aged 18 or older.
- Share results only as totals or anonymous quotes.
- Delete someone's answers if they ask.
- Keep the response sheet private. Do not post it publicly.

Next steps

1. Build Form A and Form B in Google Forms and test them with three friends.
2. Translate both into Hausa. I can draft that for you.
3. Send the links through WhatsApp groups and track the response count each day.
4. Close the forms on 7 Nov, then count the results and use the table above to write your application answers.
